Recommendation to Clark County Council on the 2026 Clark County Stormwater Code and Manual Adoption. The Planning Commission will consider updates to the Clark County Stormwater Code and Stormwater Manual as required under Clark County's Phase I Municipal Stormwater Permit through the National Pollutant Discharge Elimination System (NPDES) program. The county's adopted manual must remain equivalent to the state's Stormwater Management Manual for Western Washington. The NPDES permit requires updates to both the manual and county code to reflect mandatory changes. Additional revisions are proposed to clarify existing language, correct errors, incorporate feedback from manual users, and maintain alignment with the state manual.
